

National Schools Competition

February 2020

More Badminton Success for Lewes Players

A large number of young players, who all train at Lewes Badminton Club, competed for their respective schools in this year's National Schools competition organised by Badminton England. This is an annual event starting in November, with teams of 4 players progressing through Local, County and Regional rounds before heading to the finals at Milton Keynes in April.

A special mention to players from Priory Secondary School in Lewes who had two teams qualify for the County round finals held in February at K2 Leisure centre in Crawley. A total of 36 teams took part during the day with Key Stage 3 Priory boys finishing Runners up. The Girls from Key Stage 4 girls went one better winning the whole event.

Very well done to all that took part especially the winning girls' team who now go on to compete in the Regional finals in Guildford later this month against 7 other Counties
